Fee Structure

“Grant Lodges Accommodation cost is very competitive against other Aged Care providers.”

Daily Care Fee

As set by the Commonwealth Department of Social Services. The fee is contained within the published documentation “Schedule of Resident Fees and Charges”. This can be viewed on <http://www.health.gov.au>

Currently the Daily Care fee is set at 85% of the standard Australian Aged Pension.

Accommodation Cost

A resident wishing to enter residential aged care will undergo a Centrelink means test (Residents assets and income will be assessed) in order to ascertain the amount that is available to pay for residential aged care in addition to the Daily Care Fee. This amount is known as the Accommodation Cost.

Residents can choose to pay for their accommodation cost via a refundable deposit, or a daily payment, or a combination of both. Residents can choose from either of these 3 methods.

A refundable deposit is paid as a lump sum payment.

A daily payment accrues daily paid monthly in advance.

A combination payment, which includes both a partial lump sum and daily payment. Maximum payments are detailed below; please remember this is means tested.

If the resident is assessed as being unable to pay the maximum amount, then the resident will not be required to pay the maximum amount. For these residents the Accommodation cost will then be assessed against Commonwealth Department of Social Services accommodation cost guidelines.

A representative from Djerriwarrh Health Services will be in contact with the Resident/ Residents representative once the means test has been received from Centrelink. Accommodation cost will then be advised. This means test needs to be received within 28 days of the resident entering Grant Lodge.

Grant Lodge Maximum Accommodation Costs

Maximum Refundable Accommodation Deposit (RAD) - \$300,000 lump sum

Or

Maximum Daily Accommodation Payment (DAP) - approximately \$54.49 per day, depending on Maximum Permissible Interest Rate (MPIR)

Or

Each resident has an option of a combination of a RAD and a DAP

e.g. example of combination payment of 50% RAD and 50% DAP

RAD at 50% = \$150,000 lump sum

DAP at 50% = \$27.24 per day
